14th International Conference on
Instrumentation and
Control Systems (CICS 2026)

March 21 ~ 22, 2026, Sydney, Australia

Hybrid -- Registered authors can present their work online or face to face New

Call for Participation

We invite you to join us in **14th International Conference on Instrumentation and Control Systems (CICS 2026)**

This conference invites high quality research contributions from academia, industry, and government. CICS provides a premier forum for presenting ground breaking innovations, exchanging ideas, and discussing emerging challenges in control engineering, instrumentation, robotics, artificial intelligence, and real world applications.

Authors are encouraged to submit original research papers, survey articles, case studies, and industrial experiences that demonstrate significant advances in theory, design, methodologies, and applications.

Highlights of CICS 2026 Include:

- 14th International Conference on Database and Data Mining (DBDM 2026)
- 6th International Conference on NLP & Text Mining (NLTM 2026)
- 6th International Conference on Computing and Information Technology (COIT 2026)
  6th International Conference on IOT, Big Data and Security (IOTBS 2026)
- 13th International Conference on Computer Networks & Communications (CCNET 2026)
- 6th International Conference on AI, Machine Learning and Applications (AIMLA 2026)

Registration Participants

Non-Author/Co-Author/ Simple Participants (no paper)

100 USD for Online (Without Proceedings)

490 USD for Face to Face (With Proceedings)

Here's where you can reach us : cics@ccnet2026.org or cicsconf6@gmail.com
